Panther ID

The Forgiveness Policy is a method by which an undergraduate student may repeat a limited number of courses to improve his or her grade point average (GPA). A course may be forgiven if the student's initial attempt of the course resulted in an earned grade of "C-" or less. Undergraduate Students may use the forgiveness policy a **maximum of three times** for the purpose of improving their GPA prior to the conferral of their degree.

DIRECTIONS:

This form must be submitted after the course has been successfully repeated and a grade has been received. The course will be indicated on the transcript. The grade on the previous course will not count in the computation of the overall GPA; however, it will remain on the transcript. Please refer to the General Information section of the undergraduate catalog for further information regarding the Forgiveness Policy (Repeat Course).

I have read and understood the criteria necessary to qualify for the Forgiveness Policy.
