

Your eligibility for financial aid was originally calculated based on the information provided on the 2023-2024 Free Application for Federal Student Aid (FAFSA). The FAFSA application uses 2021 income and other factors to measure the financial strength of the household for the 2023-2024 academic year. However, families experience changes in income or family situations not reflected on the 2021 tax return. You may submit a Professional Judgment request if you have a special circumstance and would like the information reported your 2023-2024 FAFSA to be re-evaluated.

INCOMPLETE REQUESTS CANNOT BE PROCESSED. Additional documentation may be required. A Professional Judgment request can take up to 30 business days to process.

E. ACKNOWLEDGEMENT

Professional Judgment requests are reviewed on a case-by-case basis, and not every outcome will result in the adjustment of a student's financial aid eligibility.

A Financial Aid Administrator may re-evaluate a student's cost of attendance (COA) if the student has unforeseen expenses that exceed the average annual budget established by the university. In these instances, the student's eligibility for need-based awards may not change but the student may become eligible for additional loans once the COA is increased.

The decision of the Financial Aid administrator is final and cannot be appealed.
