

## 2016-2017 Request for a Dependency Override

Federal regulations permit the University to override a student's dependency status for Federal financial aid purposes if **unusual circumstances exist and can be documented**. This determination is made on a case by case basis. Not all requests will qualify for a Dependency Override. Requests have a 30-45 day processing time.

**The following conditions are NOT considered unusual circumstances:**

- A parent refusing to provide data or refusing to contribute towards the student's education
- A student who does not wish to communicate with parents or who is not claimed on the parents' income tax
- A student who demonstrate total self-sufficiency and does not meet at least one of the current definitions of an independent student (as established on section 3 of the FAFSA application)
- A student who has been previously considered independent for the purposes of receiving financial aid but does not meet at least one of the current definition of an independent student (as established on section 3 of the FAFSA application)
- A student who is divorced at the time of filing and does not meet one of the current definitions of an independent student (as established on section 3 of the FAFSA application)
