To encourage timely degree completion, the Florida Legislature passed, and the Governor signed, [Florida Statute 1009.286](#). This law is more commonly known as the "Excess Credit Hour Surcharge." For general information on the Excess Credit Hour Surcharge, please visit our website at [onestop.fiu.edu](#).

Your Threshold is the number of credits you may attempt before a surcharge is assessed. Your Excess Credit Counter is the number of credits you have attempted counting towards your Threshold.

You may petition to have certain credits excluded from your Excess Credit Counter by going to the Excess Credit Counter Petition page. Click the Excess Credit Hours Exemption tab at the top of the page to see which credits have already been excluded from your counter.

On this page, you may see the color of your Excess Credit Counter change. Your Counter will be normal color "BLUE" when it has under 100 hours. Your counter will turn "ORANGE" when it has reached at least 100 hours. Once you have reached or surpassed the your Excess Credits Threshold, your Counter will turn "RED", which means from that point onward you will be assessed an Excess Credit Hours Surcharge for any classes that qualify.
