Graduation Ineligibility Form

Student Name __________________ Panther ID__________________

This form may be used to postpone graduation for a specific term. Students must reapply for graduation for any subsequent term via their MyFIU portal.

Financial Aid Recipients:

Students meeting all degree requirements for a first bachelor’s degree are not eligible to receive federal, state or institutional gift aid. Students pursing a second bachelor’s degree are not eligible for grant aid; grant aid eligibility is limited to the completion of a first bachelor’s degree.

Once you apply for graduation, a hold will be placed on your account to prevent any future financial aid disbursements. If you will not meet the requirements for graduation and wish to have your financial aid reinstated, you must cancel your graduation application by submitting this form with the appropriate signature and stamp.

Submission of this form does not guarantee financial aid reinstatement for subsequent terms.

This section must be completed by an academic advisor (Select the option that applies):

☐ Student will not meet the degree requirements at the end of the term in which the student applied for graduation

☐
