

Your eligibility for financial aid was originally calculated based on the information you provided on the 2026-2027 Free Application for Federal Student Aid (FAFSA). The FAFSA application is used to measure the financial strength of the household during the 2026-2027 academic year. The financial strength is determined by using the 2024 income. However, families experiencing changes in income or family situations not reflected on the 2024 tax return, may submit a Professional Judgment request if they have a special circumstance and would like the information reported on the 2026-2027 FAFSA to be re-evaluated.

**INCOMPLETE REQUESTS CANNOT BE PROCESSED. Additional documentation may be required. A Professional Judgment request can take up to 30 business days to process.**

### E. ACKNOWLEDGEMENT

Professional Judgment requests are reviewed on a case-by-case basis, and not every outcome will result in the adjustment of a student's financial aid eligibility.

A Financial Aid Administrator may re-evaluate a student's cost of attendance (COA) if the student has unforeseen expenses that exceed the average annual budget established by the university. In these instances, the student's eligibility for need-based awards may not change but the student may become eligible for additional loans once the COA is increased.

**The decision of the Financial Aid administrator is final and cannot be appealed.**
