Freshman NC (No Credit) Grading Policy

The NC grading policy is designed to enable freshman degree-seeking students the opportunity to progress successfully towards timely graduation. This policy allows students to recover from initial difficulties they may experience in the transition to the rigors of university academic coursework.

This policy is limited to University Core Curriculum (UCC) and selected lower-division courses. Students will receive a grade of NC if their grade does not meet the minimum grade requirement. NC grades are not calculated in the student's grade point average (GPA). Grades that meet the minimum grade requirement will appear as earned on the student's transcript and will be calculated in their GPA.

1. The grade of NC is applied a **maximum of four times** to the mentioned courses during the student's academic career at FIU. The grade of NC is applied to the mentioned courses **taken within one year of first enrollment date**.
2. Students receiving one or more NC grades are subject to the University's academic standing flags (warning, probation, dismissal, etc.) and must abide by the stipulations for the continuation determined by the University's Undergraduate Rules and Regulations.
3. Students wishing to have their earned grade applied (and thus to remove their NC grade) must complete this form and follow the submission instructions below.

I have read and understood the criteria necessary to qualify for the Freshman NC Policy. I have met with my advisor to review my grades and discuss how this change would impact my GPA.

Student Signature Date

Academic Advising Staff's Name, Panther ID, & Signature Date

Example

	Term	Year	Course Subject	Catalog Number
Restore original grade:	Fall	2016	ENC	1101

No Credit Override	Term	Year	Course Subject	Catalog Number
Restore original grade:				

No Credit Override	Term	Year	Course Subject	Catalog Number
Restore original grade:				

Are you a student-athlete? Y / N

If YES, please note that approval from your academic coordinator is required.
